Details

Application Features: Specification grade heavy-duty industrial fixture with wide white symmetric reflector. For use in indoor applications where a T8, T8HO, T5, T5HO, T12 or T12HO industrial fixture with rugged construction is required. Fixtures can be butt mounted for mounting in continuous rows. Available in 4' and 8' lengths.

Construction: Die formed 20 ga. cold rolled steel housing. Reflectors have deep lateral embossments and edge return flanges for maximum strength and rigidity. Turret style lamp holders protect lamps from vibrations and other environmental factors. Spring loaded plunger type bi-pin encased in a turret can socket. Socket bridges permanently riveted to housing. Sufficient knock-outs provided for convenience outlet, pull switch and flexible conduit attachment.

Finish: Baked white enamel.

Electrical: Electronic ballasts are class P, thermally protected.

Approvals: Union made, UL listed, and manufactured in the US.

Mounting: Fixtures designed for surface, stem or chain hanging.

Optics: Baked white enamel reflector with minimum 87% reflectivity.

Options: Emergency Battery Backup, Dimming Ballast, Separate Circuit, High Ballast Factor Ballast, Motion Sensor, Center "V", Wireguard, Reflector End Caps, 10% Uplight Slots, Slide Grip Hangers, "V" Hangers.
